THE undersigned would respectfully solicit the attention of dealers in and consumers of Coal in Milwaukee to our Card, as above. The Bolivar Coal is unquestionably superior to any other mined in Ohio, for Grate, Blacksmithing, Machinery, or Domestic purposes; and for Steam purposes, is superior to any except Briar Hill. It is peculiarly well adapted to Shipping, as its extreme hardness renders it capable of bearing any amount of handling, without waste. It can be afforded considerably cheaper than Brier Hill and for most purposes is better.
It is our wish to introduce the article, and we respectfully solicit orders, confident that a trial is only necessary to convince any of the truth of the above assertion.

Citizens of Milwaukee and vicinity, to be convinced of the truth of my assertion, and have their Horses properly attended to, so as not be maimed, interfere, &c., had better call and examine for themselves, for they will have their work done as I say, and at $1 per set for Plain Shoes; Extra Shoes $1.25; Bar Shoes $1.00 per pair; Sandals $2.50 per pair; and all other work to suit the times. All the profits are divided among the Insured, and on Policies for the Whole of Life, will be made available in part payment of Premiums, after the dividend of 1855.

The Premium is paid in Cash annually, or may, if desired, be paid semi-annually, or quarterly, by adding interest to the deferred payments. The CASH principle adopted by this Company, secures to the parties for whose protection insurance may be effected, the WHOLE of the benefits, without subjecting them to the heavy drawback of accumulated premium notes.

Persons may effect insurance upon their lives, or upon the lives of others. Married women can insure the lives of their husbands, for their own benefit and for the protection of their children.

Capital over $185,000—in Cash and Premium Notes
THIS Company offers unrivalled facilities for the Insurance of Buildings and Personal Property against fire. The advantages offered are security beyond the reach of circumstances, as the real estate insured is by law bound for the assessment made to cover losses beyond the power of evasion. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, saying nothing of the increased security and the incomparable ease with which losses are settled. During the last five years, this Company have issued 2600 Policies, and made but three assessments at a cost to the property insured, not exceeding two mills on the dollar. Its Business is principally confined to this State.

Wisconsin State Agricultural Society.

Regulations for the Second Annual Cattle Show and Fair, to be held in the City of Milwaukee, on the 6th, 7th, 8th and 9th of October, 1852.

EXHIBITORS.

In all cases Exhibitors must become Members of the Society, and have their Animals and Articles entered on the Secretary's books, not later than 5 o'clock A. M. of Wednesday, October 6th, and all animals and articles must be brought within the enclosure previous to 11 o'clock of the same day.

Exhibitors, when making their entries, will receive Cards, which must be delivered, together with their animals or articles, to the Superintendent of the proper Department, at the Entrance Gate.

Forage for Stock.

For the convenience of Exhibitors, Forage for Stock, consisting of hay, oats, corn, and straw (for litter,) with water, will be supplied on the grounds, free of expense, so that animals, on their arrival, may be driven at once to the Show Grounds, and need not be removed until the Exhibition is closed. Grain will also be furnished for Swine and Poultry. This arrangement will save great inconvenience, and no small expense to the Exhibitor.

Removal of Animals and Articles.

Animals and articles which the Exhibitors are unwilling to leave upon the Grounds during the night, can be removed after the ringing of the Bell at 6 o'clock, p. m., of each day, but must be returned before 8 o'clock, a. m., of the next day. All animals and articles removed will be registered by the attendants, and if removed before the time prescribed for removal, or not returned within the time named for their return, they will not receive a Premium, even tho' one be awarded by the Judges.

Regulations for Members.

Members of the Society, and all who may become such at the time of the show, by the payment of One Dollar to the Secretary, will be furnished with Badges, which will admit the person and his wife, and children under 21 years of age, (when accompanied by himself,) to the Exhibition, at all times during the continuance of the Show.

Members will be allowed to enter in carriages, with their families, on their first procuring a Carriage ticket, for which One Dollar will be charged.

Regulations for Carriages.

Hacks, or other Public Conveyances, will not be permitted to enter, except when the inmates are members of the Society, (in which case the usual carriage ticket must be procured,) without first procuring a carriage ticket, for which One Dollar will be charged; and also the inmates furnishing themselves with tickets.

Carriages on entering must drive to the left, and will be allowed to drive once around the Grounds, passing out at the exit gate. They will not be allowed to stand upon any part of the grounds.

Order of Arrangements.

On Monday, October 4th, the grounds will be open for the inspection of the Public—free.

Tuesday, October 5th, will be devoted to the reception of stock and articles for exhibition, and the arrangements of the grounds, &c. On this day, Members of the Executive Committee of the Society, Superintendents, and Exhibitors, only, will be admitted. At 9 o'clock A. M. of this day, the business office of the Secretary will be opened on the grounds, for the purpose of receiving entries for exhibition, and admitting members of the society, after which time, and until the close of Fair, all business with the society will be transacted on the grounds.

Wednesday, October 6th, will be devoted to the Examination by the Judges, of the various animals and articles submitted to them; and on this day Members of the Society only will be admitted. At 9 o'clock A. M., the books of entries will be closed. At 11 o'clock A. M., the gates for the reception of stock and articles for exhibition will be closed, after which, no more will be received. At 12 o'clock M., the Judges will meet at the large tent of the society, on the Show Grounds, when the Books of Entries and instructions will be delivered to them, (after the vacancies are filled,) and they will at once proceed, attended by the Superintendents, to decide upon the relative merits of the animals and articles submitted to them, reference being made to the members affixed to each.

Thursday, October 7th, at 10 o'clock A. M., the Plowing match will take place on the grounds, and within the enclosure. Competitors for Premiums under this head, must become members of the Society, and have their names, teams, and the kind of Plow to be used, entered upon the Secretary's Books, not later than 9 o'clock A. M., of Wednesday, October 6th. On this day the Grounds will be opened to the Public, and continue open Two Days. Single tickets, ten cents, admitting one person, will be in readiness at the Treasurer's Office, at the opening of the Fair this day.

Friday, Oct. 8th, at 10 o'clock A. M., a General Military Parade. Inspection and Review, of the Uniformed Companies of the First Battalion of the 1st Brigade, 1st Division of the Wisconsin State Militia, being the Independent Uniformed Companies of the City of Milwaukee, and their Military Guests, under the command of Major JOHN McMANMAN, will take place within the enclosure. The Troops will be reviewed by His Excellency LEONARD J. FARWELL, Commander-in-Chief, together with the General Staff, assisted by Major General RUFUS KING and Staff, commanding the Division.

At 2 o'clock P. M., the Annual Address before the Society, will be delivered by Hon. LEVI HUBBELL, at the Society's large Tent on the Show Grounds.

Immediately after the close of the Address, the Awards of Premiums will be announced by the Secretary; after which, the Treasurer will pay those that are payable in money, at the Business Office until the close of the day; and on Saturday, either at the Show Grounds, or at the rooms of the Society, at the U. S., Hotel. The books awarded will be ready for delivery on Saturday, at 2 o'clock P. M. The Diplomas and medals awarded, will be distributed as soon as suitable inscriptions can be placed upon them.

Sale of Animals and Articles.

On Saturday, at 10 o'clock, A. M., the Fair will be held on the Show Grounds, for the sale of Choice Animals and Articles, and it cannot be doubted but that an opportunity will be afforded to those desirous of making selections from Improved Breeds of Stock, Implements, Grains, &c., that will be in all respects satisfactory. Such Animals and Articles as the owners desire to sell must be entered with the Secretary at the Business Office, which can be done at any time during the Show.

Daily Order.

At 7 o'clock A. M. of each day, the Bell will be rung, when forage and water will be distributed to the animals on exhibition; and all animals and articles removed for the night must be returned, for which purpose the gates will be kept open one hour. At 8 1-2 o'clock A. M., the Bell will be rung, when the Business Offices and the Show will be opened for the day. At 12 o'clock M., the Bell will be rung for the distribution of forage and water to the stock on exhibition. At 5 o'clock, the Bell will be rung for Visitors to leave the Grounds, which they are requested to do before six o'clock. At 6 o'clock p. m., the bell will be rung, when the gates will be opened for the removal of articles and animals, which the owners are unwilling to leave upon the grounds during the night. The articles and animals removed will be registered, and checked on their return. At 6 1-2 o'clock p. m., the bell will be rung, when the gates will be closed, the day police dismissed, and the night watch set. During the day, the bell will be rung whenever any public exercises are to take place.

Notice to Exhibitors.

The Executive Committee will take every precaution in their power for the safe preservation of stock and articles on exhibition, but will not be responsible for any loss or damage that may occur. They desire exhibitors to give attention to their articles, and at the close of the Fair, to attend to their removal. A neglect of this precaution occasions much inconvenience to the exhibitors, as well as to the society. A large and well regulated Police will be on the ground night and day, during the exhibition.

Milwaukee.—For the purpose of getting up a grand gathering, the Locofoco papers have been displaying a long list of names of those who were to be present and elucidate the Locofoco principles on which the debauched and depraved population of the Sandwich Islands were to become part and parcel of the Union, and the necessity there is that the United States Government should steal Cuba from Spain, in violation of solemn treaties. As these were the only great principles which Douglass and Weller expounded when on the stump here, it is to be supposed that they are the only principles which Locofocoism has left to hang a speech on. For this purpose, therefore, the following string of names was got out:

Gen. LEWIS CASS,
Gen. SAM HOUSTON,
Hon. S. A. DOUGLASS,
Hon. JOHN VAN BUREN,
Gen. JAMES SHIELDS, and
Hon. I. P. WALKER.

and out of the whole six only two were present. Cass backed out of the company of Douglass at Chicago; Houston found out the Northwest did not believe a word he said; John Van Buren was kept at home by pressing business, though some said it was altogether owing to his distaste for the free soil of the North-west, and others to John's extreme modesty; and Shields' invitation was not very pressing, as he is too outspoken, and won't descend to the dirty work of defaming his brave old commander. So "the little giant," who is up for anything, had the whole field to himself, and no doubt he done all he could, and that, as the old lady said, when she found her hired man only ploughed half an acre before dinner, "would hardly pay for the pr[o]ving he got at breakfast time."—*Detroit Advertiser.*

Ottawa, Oct. 2.

There has been a riot in La Salle between the Irish and the Dutch employed upon the Central Railroad, on the South side of the Illinois river.—An attempt was made to arrest the rioters. They resisted the officers. Sheriff Goodell called out the military company from Ottawa and arrested 27 of the rioters, and arrived with them at this place this evening. No resistance was offered except one of the Irish knocked down one of the company, who returned the insult by a severe wound with the short sword. Peace seems to be restored.

FROM OUR N. YORK CORRESPONDENT,

NEW YORK, Sept. 27, 1852.

We are watching here, with great interest, the incidents of Gen. Scott's tour of duty to the West—and are equally impressed both by the enthusiastic reception given to him everywhere by the people—and by his manly self respect, in refusing to convert such welcome manifestations into occasions for partisan harangues. Some, indeed, of the unscrupulous presses which belong to *loco-focoism*, characterize this tour as an electioneering device—tho' they know it is undertaken in obedience to orders made under the authority of a law passed by a loco-foco Congress, designating Gen. Scott, and other officers of the army, as Commissioners to select, at or near the *Blue Licks*, in Kentucky, the ground for a Military Asylum. While thus in the execution of a duty imposed upon him—taking the most direct route—and avoiding, so far as any human being could, all appeals to friends or partizans—the *Old Soldier* is seized upon by the people everywhere—and made, whether he will or not—the object of their cheers, their hopes, and their prayers. Is *he* to be reproached for this? Should he reject the spontaneous outpourings of a nation's gratitude? or shut his heart to the sweet consolation, that altho' envious and malignant traducers may seek to blot his name and mar his happiness—the honest judgment of the people he has so long, so faithfully, and so brilliantly served acknowledges him as a benefactor and a friend—and pours out before him the lavish tribute of their admiration and gratitude? If he had not gone on this duty, he would have been denounced as insubordinate—or misrepresented as afraid to show himself to the people, while a candidate for their suffrages. But, taking counsel only of his own sense of right, and in keeping with the antecedents of his whole life—in the whole course of which no summons to duty ever found him reluctant or tardy—he at once obeyed this order—and is executing this duty, not as a partizan chief seeking his own aggrandizement, but in the simple spirit of an officer fulfilling the commands of his superiors. But still he cannot cease to be what he is—the greatest living American—he cannot belie his feelings—he cannot steel the hearts of a nation against himself, as its chiefest honor and ornament—he cannot pluck memory from the brain, nor gratitude from the heart, of an honest and enthusiastic people—and, therefore, he cannot help the excitement which his passing thro' the country occasions—he cannot refuse a thankful acknowledgement to the glowing hearts and lips which so cordially, at every point of his journey, bid him "God speed"—he cannot withhold his honored hand from the grasp of thousands who seek to press it, as the hand which, bearing the Conqueror's sword, as it has fallen to the lot of few to bear, in glory and in triumph—has yet borne it wreathed with mercy, and guided by law and the highest Christian civilization. It is a satisfaction and an honor to press such a hand; and I deeply commiserate the condition of that American, which can find in such spontaneous enthusiasm on the one hand—for such a man—or in the grateful sensibility on the other, for such displays of enthusiasm—nothing but an electioneering device or partizan servility. I would not willingly trust my honor, or even my purse, in the keeping of any man, who should thus view such a scene—as that, for example, at Columbus—when the gallant Veteran, in burning words and heaving breast—repelled the atrocious calumny of having cruelly and unlawfully punished German soldiers under his command in Mexico. The withering reply should be circulated wherever types can follow calumny—and it must react; but what to think of any American, any human heart—that will not swell with indignation, and with contempt against the party, which, for base personal and political purposes, could thus seek to wring the bosom, and blacken the fame of a warrior, so self-sacrificing, so disinterested, and so humane, as Gen. Winfield Scott.

Gen. Scott on the Stump, is the paltry falsehood with which the partizan press notices his tour of duty thro' the Ohio—and the calm, grateful American speeches with which, from time to time, he acknowledges the kindness and partiality of his follow-citizens. *Be it so.* Pour on, pour on, ye soulless mercenaries—pour on and pour out; the vials of your spleen and wrath—your disappointment, and your penalty of overwhelming defeat, will, in the canvass of next November, abundantly avenge Truth, Justice, and Human Nature—all of which, alike, are outraged by your venomous falsehoods. Rage on—it is good that you should—for the people *are* just, and tho' not always prompt to see the iniquity of pretended friends—are terrible to punish, when they do see it. Rage on—you but the more certainly seal your own doom, and that of the not more respectable, tho' more timid wire-pullers in high station, whose behests you but execute.

I just recall the fact, that this day, your Judicial Election is to take place. It is impossible, if sufficient pains have been taken to make known throughout the State the relative character and qualifications of the men named on the respective tickets, that Wisconsin can fail to choose Mr. Justice Whiton and his colleagues—and then your young State may justly boast of giving an example in such matters, that will forever honor her—and serve the Republic at large. So may it be.

GEN. SCOTT'S SPEECHES.—The *News* is very much troubled about Gen. Scott's speeches in Ohio, particularly as to his scathing rebuke of the wanton slander that he had "hung a number of Germans in Mexico without cause or trial."—The indignant old Soldier answered the calumny as it deserved to be answered.

So too the *News* is vexed about the General's having gone to Kentucky by way of Pittsburg and Cleveland, and received most enthusiastic receptions on his way. Our neighbor takes the matter too seriously. These demonstrations of the people are nothing to what will be seen on the 2nd of November, and don't begin to compare with the grand assembly of the old hero's friends which will greet him at Washington on the 4th of March next.

THE STATE FAIR.

We commence to-day the publication of the list of entries for the State Fair, and shall continue it from day to day, until complete, following with the list of premiums as soon as we are able to obtain them. Our readers must expect our columns to be occupied with matter pertaining to the Exhibition, to a great extent, during the week, to the exclusion of other matter. We give also to-day, the *Regulations* prepared by the Executive Committee, furnishing much valuable information to exhibitors and visitors.

The list of entries is already considerably larger than the whole list last year, and the show promises to be a most gratifying one in every department. It is unexpectedly large in the important department of stock.

The Secretary and the various committees are busily at work making the necessary preparations—the week opened with a clear, bright sky overhead—and everything now betokens that the occasion will pass off comfortably and pleasantly and profitably to all concerned.

"A Word of Warning."

We mentioned some days since that the article of the *News* with the above heading, making appeals of the most wantonly deceptive character to our Catholic fellow-citizens, had called forth from the *Seebote* an answer, which we should publish as soon as we could obtain a translation. It will be found in our columns this morning. We have no room to comment upon its contents to-day, and leave it for the calm consideration of all who are interested. Very few of our citizens are not interested in its review, by a disinterested looker on, of the real position of Catholics in the present political controversy, and the position into which the "democratic" press would wheedle or drive them.

MILWAUKEE & MISSISSIPPI R. R.—As was expected on the opening of the road to Whitewater, the receipts show a gratifying increase. The first trains commenced running to that place on the 24th, and the receipts were as follows, till the end of the month:—

24th,	$451,64
25th,	421,02
27th,	546,25
28th,	523,73
29th,	596,77
30th,	395,14

No freight trains were run on the 30th, it being the day of the Whitewater celebration. The total receipts of the month were over $9000. At the rate at which the business of October has opened, the receipts must reach nearly or quite $15000. Thus far they been over $500 each day, and regularly increasing.

PLANING MILL &c.—See Messrs. SMITH & McVICKARS' advertisement of their Planing Mill, Lumber Yard, &c. The thundering whirl of the cutters of their Woodworth machines is become quite familiar to the ears of down-town people, and the old citizens recognize easily the music of the old *Trowbridge's* engine which drives them; but everybody does not know that, in addition to their operations in planing, Messrs. S. & McV. are manufacturing doors, blinds, and sash, on a large scale, and of excellent quality. We are glad to learn that they are building up a large business. They deserve their success.

AMERICAN WHIG REVIEW, *for October.*—We have received the October number of this sterling review. It is graced by an admirable portrait of Hon. JOHN BELL of Tennessee. A series of articles follow, ably written, discussing the issues of the campaign in a calm and temperate spirit, and being in marked contrast with the abusive style of the articles in the Democratic Review in its present hands. We again commend the Whig Review at its present rate of publication (3,00 per annum) to the patronage of Whigs everywhere.

DOUBLE ATTRACTION.—Our readers will see by the advertisement that the proprietor of the Panorama has secured additional attraction to Gardiner's Hall for this evening, and the balance of the week, in the shape of the Melodeon Troupe. The price remains the same, and the crowds of visitors to the State Fair may thus gratify their curiosity in seeing the Panorama, and hearing the Minstrels, for the same price which either would cost on any other occasion.

THEATRE.—Miss JULIA DEAN'S re-appearance in Milwaukee was greeted by a crowded house last evening. With the attractive bills, and excellent company presented by the Manager to our people for the week, the theatre will doubtless take precedence among the amusements of the Fair week.

To-night Miss DEAN appears again in the tragedy of "*Evadne,*" Miss Dean as Evadne, Mr. Dean as Colonna.

☞ Hon. Henry Wilson, of Massachusetts, who presided at the Free Soil Convention at Pittsburg, was to address a meeting at the Free Congregational church on Spring street last evening. We regret that we were not able, for want of time, to hear him, as we are quite sure that his address was an interesting one, and altogether free from the abuse of Gen. Scott, and opposing partizans, with which our people were insulted by Senator Douglas.

SUDDEN DEATH.—Mr. ALFRED JOHNSON, who has for a long time been the Clerk of the Common Council, was found dead in his bed yesterday morning, having died without a struggle, his wife who slept on a lounge in the same room not having been awakened.

He had been suffering for some time with a disease of the heart, which has finally taken him away thus suddenly.

SUICIDE.—We learn by a private letter from Shullsburg to one of our citizens, that "DAVID McINTYRE committed suicide on the 24th ult., at Shullsburg. Cause unknown. It is represented to be a case of cool, deliberated and premeditated self-destruction, while free from derangement so far as could be judged from his acts. He was universally respected by all who knew him."

M. C. R. R. LINE.—Capt. COTTON, agent of the Michigan Central R. R. line of boats, requests us to state that passengers coming to and returning from the Fair will be conveyed at half fare on the boats of the line from the 6th to the 10th inclusive.

THE CAMPBELLS.—This favorite company of performers, vocal and instrumental, are delighting crowded audiences at Chicago this week, and will be here next week. They are ten in number, good players, good singers, and will be welcomed here by lots of old friends, and make many new ones.

RAILROAD MEETING AT DELAVAN.—The citizens of Delavan Walworth Co., held a meeting on the 30th, at which they passed resolutions in favor of lending the credit of the county to the Racine and Mississippi R. R. Co., to the amount of $100,000.

☞ Hotel Keepers, would do well to attend Rooney's sale, of Curled Hair matrasses, which takes place this morning opposite the U. S. Hotel. He also sell a large lot U. States Muskets, by order of the Authorities.

THE GERMANS FOR SCOTT.—The last Quincy, Illinois, Whig says that about one hundred German Democrats, citizens of that place, are members of the Scott Club, and it "sincerely believed that a large majority of the German citizens of that place will vote for Scott."

SAUGATUCK IRON WORKS.—For the especial benefit of those interested in railroad matters in our State, we have the advertisement of Messrs. MILLER & WILLIAMSON, of Westport, Conn., to which we invite attention.

☞ WALL sells a very handsome lot of furniture this morning, opposite the United States Hotel.

☞ See the notice of the running of Frink & Co's. Stages during the Fair.

☞ CLARKE has a large sale at auction this morning. See advertisement.

From the "See Bote," a German Catholic Paper, Oct. 2d

Another "Word of Warning."

We have been, for a long time past, silently observing the progress of the impudent and, we must add, inexcusable attempts of certain insane Democratic leaders here to make out of the Presidential Election, a religious, instead of a political issue. We greatly feared, when, a few months since, editors and other acknowledged authorities of the Democratic party were vainly entreated to unite their efforts with those of a distinguished Clergyman of our city, supported by a majority of our citizens, to procure the repression of gross violations of the law, and the subsequent declaration of German Democratic papers, that the Sabbath question would be decided at the Poll Election, was permitted to pass unrebuked, that their backwardness had, for its object, to create, by means of religious discord, political strength for GEN. PIERCE. The chief and, indeed the sole objection which had been raised, throughout the length and breadth of the Republic, to the elevation of the Whig candidate for the Presidency, was a religious one. Garbled letters, foisted upon Adopted Citizens, had falsely represented him as a Nativist, and the negative popularity of GEN. PIERCE was made to rest upon the pedestal of religious hatred against GEN. SCOTT. Retaliatory detractions certainly appeared in a few Whig journals, against GEN. PIERCE, but they were evidently less the part of a system of slander, than mistakes naturally arising out of the disgraceful Anti-Catholic Intolerance of the Democratic party in New Hampshire of which PIERCE is a leader. We had, therefore, a well-founded dread that a religious dictatorship of political faith would be essayed by democratic leaders, toward Catholic voters in this State, although we were unable to foresee how it would mingle with the irreconciliable malignity with which Democratic presses in this city have assailed Christianity, reviled our clergy and religious institutions, and made brawling infidelity a political test.

The brutal assault upon the Rev. Mr. Tesch, weekly appearing caricatures of Church dignitaries—hootings after at least four venerated clergymen in the streets of our city—and the scurrilously indecent lampoons upon Drs. IVES and SALZMAN, combined to kindle the most sensitive and lively indignation of Catholics, and to excite considerable anxiety in their minds as to the course which their professed Democratic allies would take in order to protect their Teachers from outrage and excite public feeling on their behalf.—They had still to discover how easily these fulsome, fawning, fair-weather, Janus-faces could be clamored by down the fear of losing the votes of the brawling infidel gang which infests this city. They did not anticipate that the Democratic press would adopt the perfidious policy of silence and seek to justify and uphold it by ostracising and babooing every Clergyman who might dare to take an interest adverse to them in politics, and by the grog-shop and street-corner "jibe," that "a leading priest" had made "a difference of opinion as to the manner of observing the Sabbath" (to quote the language of the Morning *News*) in relation to the orgies which make a Sodom of our city) a political lever for the overthrow of the Democratic power. This silence, backed by slanders carefully promulgated by Custom House and Post-Office aspirants, tract politicians, and practically apostate Catholic office-holders, who pretended to the power of "selling" their fellow-countrymen, the Democratic oracles adopted as are infallibly political *via media* which should, at the same time, effectuate an Ecclesiastical disfranchisement, retain the entire Catholic vote, and perfectly satisfy the most rabid anti-Christian, Red Republican ravings.

They erred most grossly, most stupidly. Vast numbers, not only of Catholics, but of pious Protestants, who had hitherto, from habit more than reflection, voted with the Democratic Party, saw through the transparent deception, and a spontaneous cry of wrath and painful disappointment proclaimed their intention of critically examining the foundations of party credence in order to see whether a severance was not possible from their implacable enemies and revilers. It was in consequence of this research that we, who are Catholics, and hundreds of Protestants and Catholics who share our opinion, attained the conviction that the lines of demarcation between theoretical Whiggery and Democracy, in this State at least, were barely discernable, and that practical Locofocoism has become a synonyme with roguery, infidelity and anti-christianity, which it would be a sin against conscience and the country to support. Until, therefore, the Democratic Party of Wisconsin shall have thoroughly purged itself of the foul element which must sooner or later cause its death, we solemnly and unchangeably declare that we will not be associated with it; that we will never vote for its candidates, and that we will no longer be the dupes of its hypocritical protestations of amity.

Politicians of all parties are to be suspected when they make loud boasts of being our friends, but when they combine with their flattery growling "words of warning," if we dare be guided by our religious convictions to use our right of suffrage against themselves, and would disfranchise our clergy and prevent their using the rights which belong to them in common with all other citizens, we can trace their smiles and lies to a common, interested motive, and turn with disgust from the noonday exposure of such a machinery of depravity.

Democrats tell us that the transfer of our votes to the support of Gen. SCOTT will engender bitterness of feeling and procure us Catholics the enmity of the Democratic party. God be praised that this fact is out at last! You acknowledge, then, that our *Votes* were the only basis of friendship, tolerance and "protection!" Endless is the mischief which Catholics have done themselves by this claim of demagogues to be our "protectors." We tell politicians, once for all, that we neither ask, nor desire their "protection." On the contrary, we eschew and execrate it. Thank God, we can protect ourselves. We ask favors from no man and no party. When Whigs put up rascals for public office, we will set our faces against them, just as we protest now against the rottenness of Wisconsin Democracy. If our conscientiousness procure the enmity, instead of the respect of any portion of the community, not we, but that portion of community is to be despised and repudiated.

We know that by far the majority of German Catholics share our views. We solemnly declare that as Christians, Catholics and Patriots, we feel bound to support WINFIELD SCOTT, and to do our utmost to aid his cause. FRANKLIN PIERCE is doubtless a good-hearted, honest man, but the Democratic party, of which he is put forward as the chief, is undeniably responsible for the Blue Laws of New Hampshire, and we do not care to sustain a leader of bigots, even though he may not subscribe to all their opinions. WINFIELD SCOTT is called a Nativist and Anti-Catholic, but these charges are lies, and so known to be by the men who utter them, and it requires more than a retracted letter to make men of sense believe the contrary. FRANKLIN PIERCE, whatever merits his friends may claim for him, is, compared with WINFIELD SCOTT, whose fame and integrity are blazoned over the whole world, an obscure individual, and we can be under no conceivable obligation to assist in his elevation to a dignity, for which chance made him a candidate, at the expense of a Hero who owes his nomination solely to his deserts. Rail away, then, ye Democratic demagogues, because we cast off your shackles! Your taunts and praise affect us equally little, and when you tell us we *must* not forsake your party, because it is sinking into decay, through roguery and infidelity, we answer, WE WILL forsake it!

The lamentation of the Morning *News*, concretely expressed, is, that Whig prints interfere in politics. What, in the name of reason, is the meaning of this accusation from a paper which, *this very morning*, fiddles to its readers no less than *four* different politico—religious jigs, and which seems to have calculated exclusively on such jugglery to retain the Catholic vote? Why is the same charge not brought against the Rev. Mr. McKEE, the Free Soil candidate for Congress in the Third District? Why are such charges withheld against known PIERCE clergymen?—Why has the name of the Rev. Mr. McDONALD been made so much of *by these very men?* Are Whig Priests alone to be made political eunuchs? What is the main ground of attack, the marrow of Loco Foco sneers and sarcasm against Gen. SCOTT, but the everlastingly re-echoed absurdity that he is an Anti-Catholic? Is this not mixing politics with religion? Why are the organs of the Catholic Church," as they call the Boston *Pilot* &c., &c., daily quoted in great capitals, in aid of the Democratic party? What else does the *News* itself mean when it calls upon those who have the power to say to the troubled waves "peace, be still," than to insinuate that Clergymen who see Democrats supporting SCOTT should stop them and tell them to vote for PIERCE? Is it news to the Morning *News* that Protestant Clergymen, in all parts of the land, are partizans of one or the other candidates, and that public prayers have sometimes been offered for the success of their favorite? Let it not have the face then to complain, if not one, but an indignant host of Catholic Clergymen in this State, should avow disgust at the abominations of Wisconsin Democracy, and proclaim their determination, as a duty they owe to their fellow-men and to the cause of Religion, to resist, so far as they can, its further and threatening progress? We pray to God that *every* Clergyman may be actuated by a like spirit, and if they are not, we will pray to God to give us better and more faithful priests.

One word in conclusion. The *See Bote* has been studiously and falsely represented as being wholly under either clerical influence or control. This is a great untruth. The *See Bote* is a *Catholic* paper. Its Catholic interests, not clerical supervision, have prompted the course which it has taken and will ever continue to take. We can safely protest, too, if there were not a single priest in the land, we would, with God's help, do our duty as we are now endeavoring to do it.

THE MAINE ELECTION.—The Augusta *Age*, the leading Locofoco paper of Maine, utters the following lament over the result of the recent election.

"But it is not to be disguised, that our position is most delicate and precarious one. The further indulgence of the evil passions which have proved so highly pernicious, will bring swift and certain destruction upon our party."

The Madison *Journal* has the following relative to the election for Circuit Judge:

M. M. Cothren Esq., has been elected Judge of the Western Circuit, over Hon. M. M. Jackson, present incumbent, by some 400 or 500 majority.

SAUGATUCK IRON WORKS,

WESTPORT CONN.

OFFICE NO. 6, NASSAU STREET, NEW-YORK.

WE DESIRE TO CALL ATTENTION TO THE following articles which we are manufacturing for Railroad companies, to-wit:—Car wheels and axles, boxes and pedestals, wheel presses, locomotive drivers and cylinders, screw cutters, drilling machines, switch stands, levers and targets, frogs, head and heel blocks, chairs, and all castings connected with Railroad superstructure.

WHEELS.—Nearly two years since we commenced business, with the view of making wheels. We were then informed by gentlemen whose intelligence and experience entitled their opinions to great weight, that the wheel was imperfect, and advised us to attempt its improvement.—With every desire to succeed, we commenced an examination of the various patterns in use, to ascertain and secure the best. We soon became convinced that a majority of the patterns would prove satisfactory, if the iron of which they were made was sufficiently strong and properly chilled. Since then, we have left no means unemployed that we could control, to procure a new and stronger combination of iron than heretofore used, and feel confident that we have succeeded, with which we are now manufacturing double and single plate and spoke wheels, fully guaranteed as regards strength and perfect chill. Within sixty days we will be able to supply limited orders with "Whistler's Express" and "Whistler's Single Plate" wheels. From the material used in, and the expense of fitting up, these patterns will cost somewhat more than ordinary wheels, but it is confidently predicted by those whose opinions are most valuable in such matters, that they will possess a greater amount of strength than any one or combination wheel made. They are the invention of Geo. W. Whistler, Jr., Esq., (whose experience in all matters connected with railroads is sufficiently known) and intended to obviate the influence of contraction and expansion to an extent that will render them perfectly safe in all weather, at the highest rate of speed.

AXLES.—We will use none but the best fagoted, which are superior to any other.

SWITCH STANDS, LEVERS AND TARGETS.—We have adopted a stand that recommends itself for simplicity of construction, and the best guarded of any we know, invented by Van Blarcomb, Superintendent of Machine shops of the Housatonic & Naugatuck Railroads, but will make of any pattern desired.

SCREW CUTTERS.—The invention of Mr. Van Blarcomb, a useful, cheap, and successful machine.

BOXES AND PEDESTALS, of any size or pattern to order.

DRILLING MACHINES, of a very simple and very substantial character.

WHEEL PRESSES.—Made to order.

LOCOMOTIVE DRIVERS AND CYLINDERS.—Made to order.

FROGS, CHAIRS, HEAD & HEEL BLOCKS, And all work connected with superstructure, made by contract.

Predicating our success on the facilities we possess of procuring the latest improvements in machinery, and the uniform excellence of our work in material and finish, we solicit orders.

The Catholic Test Question.

TESTIMONY FROM THE IRISHMEN OF NEW HAMPSHIRE.

Here follow two other documents from Irishmen in New Hampshire relative to the test question. They will be read with interest, in connection with those which we published yesterday.

From the New Hampshire Statesman, Extra.

Concord, N. H., Saturday, Sept. 25, 1852.

Soon after our paper went to press, yesterday, we received the following communication, which we issue this morning in an extra form. We postponed a communication or two from our last paper to next week, giving evidence that the adopted citizens and our countrymen generally in this vicinity were grieved at the course which some of their friends had adopted, and which others were made to adopt by having their names used without their knowledge or approbation. We have felt confident the letter with "36" names to it did not correctly represent the *feelings* and views of the Catholic citizens of Concord and vicinity, nor indeed those of the State generally. We ask attention to what follows:

TO THE SONS OF THE "GREEN ISLE."

Whereas, an article appeared in the *N. H. Patriot*, dated at Concord, Aug. 13, 1852, over the signatures of thirty-six Catholics of this town, many of whom we are credibly informed knew nothing of their names being used until they were in print, representing that they, and Catholics of New Hampshire generally, feel deeply indebted to Gen. Pierce for his support, in and out of the Constitutional Convention, to the proposed amendment to the Constitution, removing the *Anti-Catholic Test* therefrom—and whereas, no credit is due in this particular to Gen. Pierce, or the party in the State, whose candidate he is for the Presidency, it is deemed proper to put forth the following paper:—

We, Catholic citizens of Concord and vicinity, feel that we are wrongfully marked for proscription in matters political, when the spirit of the age is favorable elsewhere to religious toleration; and we think the party in power in this State has shown an indifference to our rights highly censurable, inasmuch as no honest efforts have been made by them to remove the impediment which bars Catholics from holding, under the State Government, places of profit, honor, influence, and responsibility; and we have yet to learn that Gen. Pierce, who seems so solicitous to obtain the votes of people of our faith for the high office he seeks, has ever uttered a word in our favor, save just at the close of a Concord Town Meeting, in 1852, when the question had already been decided against us in the State, and also in Concord itself.

In our estimation he has done nothing to merit our support. Indeed, in 1835, his own party in the State Legislature passed a law depriving unnaturalized citizens of what little right of suffrage was theirs, up to July 4th of that year.

Nashua, N. H., Sept. 22.

We the undersigned Catholics and citizens of Nashua and Nashville, having seen a statement signed by some thirty-six of our countrymen, in which it is stated that the "Democratic" party in this State, has uniformly been opposed to what is called the "Religious Test," and that the Democratic Nominee, has exerted himself to erase that odious feature from the Constitution; we feel it our duty to say that the statement we believe is calculated to mislead the public, and particularly our countrymen, inasmuch as the Democratic party is responsible for its retention in the Constitution; and that Gen. Pierce never has to our knowledge done anything upon that question to recommend him to the Catholic voters of this State, while on the other hand, the Whigs of these two towns have uniformly been in favor of striking it out, and voted by large majorities in favor of its abolition.

Walworth County Fair.—The Annual Fair of the Walworth County Agricultural Society, has just closed. The number of people in attendance has been large of both sexes. The exhibition has been highly creditable to the enterprise and good taste of our citizens. The specimens of stock upon the ground were excellent. Horses, Cattle, Sheep, Swine and Poultry, could hardly be excelled in any part of the country. We heard some remark, who have been in the habit of attending fairs in the Eastern country, that they had never seen a better show of stock so far as quality is concerned. The ladies come in for a fair share of credit in the merits of the exhibition for specimens of their handiwork. We have not time now to mention these things in particular, and may refer to them hereafter.

The stock in Walworth is improving, and a laudable spirit of enterprise is inspiring our people to go ahead and make still greater advances, and a spirit of emulation begins to pervade all classes of farmers, artists, and mechanics. If our Agricultural organization can be properly conducted, it may be a source of great advantage to the enterprise of the people.—*Elkhorn Star.*

Escape of a Large Number of Slaves.

Maysville, Ky., Sept. 27.

Thirty one slaves, from the neighborhood of Augusta and Dover, escaped to Ohio last night. They were traced to Ripley on the river, and were pursued by their owners and others from the side. The clothes taken by the slaves were concealed in a yard, and the pursuers were refused a warrant to search the house in which it was supposed most of the slaves were hid. Five, who had continued on, were pursued by their masters, and three captured. They are expected to be brought over to-night.

The negroes of Ripley assembled in numbers, armed with guns, and surrounded the hotel where the Kentuckians stopped. Fears are entertained of a serious disturbance, as the Kentuckians remain there on the watch, and are determined to recover the slaves. Much indignation is felt here, because the authorities of Ripley refused to assist the masters, by granting warrants.

☞ Mrs. Prewett of the Yazoo *Whig*, is responsible for the following:

"A general newspaper agent of Philadelphia, by the name of Pierce, has made certain advertising proposals to us, offering to pay us in printing ink. Judging from his name, we are afraid his ink would be too *faint* for our paper."

Arrival of the Falcon—Fifteen Days Later from California.

New Orleans, Sept. 30.

The U. S. Mail Steamship *Falcon*, Lt. Rogers Commanding, arrived at this port to-day with 120 passengers, and about ½ million gold dust on freight, and in the hands of passengers.

The Steamship *Ohio*, Lt. Schenck Commanding, sailed from Navy Bay on the 21st with the Pacific mail, 300 passengers, and $2,000,000 gold dust on freight.

The steamship *Brother Jonathan*, of the Nicaragua route, which was supposed to be lost, had arrived at Panama, and sailed from thence to her destination on the 10th.

The health of the Isthmus is generally good, and passengers were arriving and departing without interruption.

Considerable excitement existed at Panama on account of discoveries of gold upon the Isthmus—many of the inhabitants had left their houses for the diggings.

The Telegraph across the Isthmus was progressing very favorably.

News from the mines are *very favorable*—the yields will be immense.

The notorious Parker H French was at Durango. He had made a proposition to the Government to arm and equip an army of one hundred Seminoles, with which to fight the Apaches, and and check them in their murderous and lawless deeds.

Some new and valuable discoveries have been made in the east range of the Sierra Nevada.

The fugitive slave case on trial for some time past in San Francisco, had been decided by the surrender of the fugitive.

From Oregon we learn that owing to the neglect of the farming interest, flour and wheat were on the rise, as were also other articles of produce.

New York, Oct. 1,—2 P. M.

The work on the Crystal Palace is rapidly progressing, and it is expected that the building will be ready for the reception of goods early in the Spring. The chief part of the castings will be delivered by the 15th Dec., and the mason work is already half done.

New York, Oct. 2,—2 P. M.

The *Pacific* sailed at noon with 130 passengers and $435,000 in specie. Among the passengers are Humphrey Marshall, U. S. Minister to China, and Mr. Schans, bearer of despatches to the Court of St. James.

A Leaf for the Old Soldiers to turn to.—An old and respectable Democrat who was present at a Whig meeting the other day, heard the assertion made that Pierce voted against the law to give pensions to the old revolutionary soldiers and their widows, called on the speaker to have him prove the assertion made in his speech. The gentleman took down the Congressional Globe for the year 1841, and on page 117 he showed the place where Franklin Pierce boasted in the United States Senate that he was the only man with one exception, from all the New England States who had voted against granting a pension either to the soldiers of our wars, or to the widows of those who had been slain in battle. The old gentleman read the speech attentively; threw down the book in disgust, and is now hurrahing for old Chippewa at the top of his voice."—*Albany Register.*

NEW FALL AND WINTER GOODS.

E. M. SHOYER & CO.

HAVING ENLARGED their former premises, by the addition of the capacious store formerly occupied by Cowles & Ross, would call the attention of their customers and the public in city and country, to their extensive assortment of

READY MADE CLOTHING

Cloths, Cassimeres, Vestings, Sattinets, Tweeds, Flannels, and a general assortment of DRY GOODS, also a general and complete assortment of

GENTLEMEN'S FURNISHING GOODS.

They are confident in view of their very superior and unsurpassed facilities for the purchase of goods in the Eastern markets from cash auctions, importers and manufacturers, in all cases from first hands, one of the firm residing and superintending the business of their concern in Philadelphia, that they are not only able, and do buy their goods from 20 to 25 per cent cheaper than most houses in the city who buy on credit, and of jobbers, but they are able and are determined to sell that much lower. They deem it superfluous to attempt, as it is impossible to enumerate the articles that comprise their stock, which in extent is unrivalled by any similar establishment west of the Atlantic cities.

To their friends and customers, and those who know them, it is needless to say anything, but to strangers who are in want of articles comprising their stock, they will say, call on us and let us show you the great inducements we are able to offer; we will give you polite and respectful attention, with better bargains than you are able to get elsewhere. The most perfect satisfaction is guaranteed in all cases to those who deal with us.

MISCELLANEOUS.

HAY PRESS.

THE IMPROVED PATENT LEVER RAILWAY PRESS EXCELS ALL OTHERS now in use for pressing Hay, Cotton, Hemp, Wool, Hops, Rags, &c. &c., and will be warranted to perform well and do double the work that any other press can with the same number of hands, with less than half the draught; a small boy can attend the horse, and the running back of the follower with ease. The time required in running up the follower, is fifteen seconds. A bale of Hay can be pressed in less than one minute at ordinary all day work; seven or eight bales can be pressed and bound per hour. Bales of Hay can be pressed, weighing over 400 lbs. measuring 2x2 feet square and four feet long. Bales of Cotton can be made compact enough without compressing.

The construction of this press is such that it does not require a building expressly for it, as it may be placed in any barn or shed, and the horse may move in any direction, or at any distance from it; and when the bale is ready for delivery, it is discharged instantly, and the follower gradually recedes as the hay is placed in the box.

The construction is so simple that any man can make a Press, or keep it in order.

The travel for a horse, in running up a bale, is fifty feet, while in a screw press, the travel is one mile and a half, in running the screw up and down. We have one new Press now in operation at Waukesha, Wis., and are now in process of construction.

So great a failure of the hay crop as has occurred in all of the Eastern and Atlantic states, the present season, [illegible] not fail to ensure a most profitable business to any one in Wisconsin or Illinois, who may take hold of it with energy. The hay may be shipped here this present fall, and three months of the spring [illegible] before another hay crop is raised.

REPORT OF THE PREMIUM COMMITTEE OF THE AGRICULTURAL SOCIETY OF NEW-YORK.

"The Lever Railway, Hay and Cotton Press, is a machine combining great power, convenience of operation, and constructed on true philosophical principles, and is a great desideratum to the river counties, and all parts not contiguous to market, and also to cotton and hop growers, and the Committee think they do not exaggerate when they say it is, in their opinion, the perfection of machinery for that purpose. The Committee therefore award a premium of $5."

The Press with the right to use it, can be purchased at less than half the cost of any other Press now in use. For rights for a single Press, or Towns, Counties and States, application should be made to the subscriber.

CHILSON'S PATENT

World's Fair Prize Medal

FURNACE!

WE ARE HAPPY TO ANNOUNCE THAT CHILSON'S PATENT AIR WARMING AND VENTILATING FURNACE, as recently improved, is declared by high and reliable authority to be the

BEST FURNACE IN THE WORLD.

Not only is this Furnace, and our system of ventilation, proved and declared to be the best mode of Warming and Ventilating DWELLINGS, CHURCHES, ACADEMIES, SCHOOL HOUSES, COURT and STATE HOUSES, HOSPITALS, STORES &c., in nearly all the cities and towns in the United States, but in Mexico, with equal favor in the CANADAS, ENGLAND, RUSSIA, and other Foreign Countries. It has been awarded at the recent Fairs in this country, gold and silver medals and premiums, and lastly the Great Prize Medal at the World's Fair, London. It has been subjected to the most rigid investigation and severe practical tests, and unanimously declared the best.—(See the printed reports of the Fairs, also city and state public committees on public buildings.) We have more than twenty-five hundred references, many of whom are professional gentlemen, whose scientific attainments in such matters are well known. To attain this desirable object, the inventor of this Furnace first abandoned the manufacture of the common cast iron air furnaces seven years since, under the settled conviction, that red hot iron furnaces burn the oxygen out of the air, producing an unhealthy, scorching, disagreeable odor, unfit to be inhaled by human beings; besides the constant cracking and burning out of the pots, which permits the poisonous gases to escape and mingle with the air and the annoyance and expense of repairs, new pots, &c. He now has the satisfaction of knowing that his efforts to secure a *healthful, economical* and *durable* apparatus, for thoroughly warming and ventilating buildings, has been entirely successful.—They possess the following advantages: purity of air, powerful heaters, economical plan for burning anthracite, bituminous coals or wood, all equally well—thus easily cleared out—great durability of furnace, not liable to repairs for a life time; perfect safety against setting buildings on fire in which they are located; may be set in low cellars.—Sizes for all classes of buildings. Also, 4 sizes of new and superior PORTABLE FURNACES,—Dr. Clark's Improved Boston School Stove.

Registers of all descriptions: Hot-air Grates; Room Ventilators, &c.

Emerson's celebrated Ventilators for Roofs of Buildings and smokey Chimneys, &c. Cooking Ranges, with or without Bath Boilers, and Hot-air Fixtures. All sizes and styles of those beautiful

HOE'S CAST STEEL, CIRCULAR AND LONG SAWS.

THE SUBSCRIBERS MANUFACTURE FROM THE best cast steel, Circular Saws, from two inches to five feet in diameter. These saws are carefully hardened and tempered, and are ground and finished by machinery designed expressly for that purpose, and are therefore much superior in truth and uniformity of surface to those ground in the usual manner. They require less set, less power to drive them, and are not so liable to become heated and produce a saving in timber.

They also manufacture Cast Steel MILL, PIT and CROSS-CUT SAWS and BILLET WEBS, of superior quality, all of which they have for sale at their warerooms, Nos. 29 and 31 Gold street, or they may be obtained of the principal hardware merchants in the United States.

The following extract is from a report made by a committee of scientific and practical gentlemen, appointed by the American Institute:

"Your committee are of unanimous opinion, that in the apparatus invented by R. M. Hoe, for grinding saws, he has displayed great ingenuity and tact in the adaptation of machinery to the production of results in the manufacture of saws, which may with propriety be denominated the ne plus ultra of the art."

PATENT MEDICINES.

Another Scientific Wonder!

Dr. J. S. HOUGHTON'S GREAT DYSPEPSIA CURER!

THE TRUE

DIGESTIVE FLUID, OR GASTRIC JUICE

PREPARED from Rennet, or the fourth Stomach of the Ox, after directions of Baron Liebig, the great Physiological Chemist, by J. S. Houghton, M. D., Philadelphia, Pa.

This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility, Curing after Nature's own method, by Nature's own Agent, the Gastric Juice.

☞ Half a teaspoonful of Pepsin, infused in water will digest or dissolve, Five Pounds of Roast Beef in about two hours, out of the stomach.

Pepsin is the chief element, or Great Digesting Principle of the Gastric Juice—the Solvent of the Food, the Purifying, Preserving and Stimulating Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming an Artificial Digestive Fluid, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a complete and perfect substitute for it. By the aid of this preparation the pains and evils of Indigestion and Dyspepsia are removed, just as they would be by a healthy Stomach. It is doing wonders for Dyspeptics, curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the verge of the grave. The Scientific Evidence upon which it is based, is in the highest degree Curious and Remarkable.

SCIENTIFIC EVIDENCE.

Baron Liebig in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed, and digested, just in the same manner as they would be in the human stomach."

Dr. Pereira, in his famous treatise on "Food and Diet," published by Fowler & Wells, New York; page 35, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Pereira.

Dr. Combe, in his valuable writings on the "Physiology of Digestion," observes that "a diminution of the due quantity of the Gastric Juice is a prominent and all prevailing cause of Dyspepsia;" and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint, finding everything else to fail, had recourse to the Gastric Juice, obtained from the stomachs of living animals, which proved completely successful."

Dr. Graham, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no wise different from the natural digestive process."

Professor Dunglison, of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject. His experiments with Dr. Beaumont, on the Gastric Juice, obtained from the living human stomach and from animals are well known. "In all cases," he says, "digestion occurred as perfectly in the artificial as in the natural digestions."

Dr. John W. Draper, Professor of Chemistry, in the Medical College of the University of New York, in his "Text Book of Chemistry," page 386, says, "It has been a question whether artificial digestion could be performed—but it is now universally admitted that it may be."

Dr. Carpenter's standard work on Physiology, which is in the library of every physician and is used as a Text Book in all the Colleges, is full of evidence similar to the above, respecting the remarkable Digestive power of Pepsin, and the fact that it may be readily separated from the stomach of the Ox or other animals, and used for experiments in Artificial Digestion, or as a remedy for diseases of the Stomach, and deficient secretion of Gastric Juice.

All modern works on Chemistry, Materia Medica, and Physiology, and all good Medical Dictionaries, describe the character and properties of Pepsin, and state many interesting details respecting it.

The fact that an Artificial Digestive Fluid, or Gastric Juice, perfectly resembling the natural fluid, may be readily prepared, does not admit of question. The only wonder is, that it has not before been applied to the cure of Indigestion and Dyspepsia—so naturally does such a use suggest itself to the mind.

AS A DYSPEPSIA CURER.

Dr. Houghton's PEPSIN has produced the most marvellous effects, in curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this advertisement; but authenticated certificates have been given of more than Two Hundred Remarkable Cures, in Philadelphia, New York and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful but permanent.

It is a great Nervous Antidote, and particularly useful for tendency to Bilious disorder, Liver complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine, Mercury, and other drugs upon the Digestive Organs, after a long sickness. Also, for excess in eating and the too free use of ardent spirits. It almost reconciles Health with Intemperance.

OLD STOMACH COMPLAINTS.

There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad they may be, it gives Instant Relief! A single dose removes all the unpleasant symptoms; and it only needs to be repeated for a short time to make these good effects permanent. Purity of Blood and Vigor of Body follow at once. It is particularly excellent in case of Nausea, Vomiting, Cramps, Soreness of the pit of the stomach, distress after eating, low, cold state of the Blood, Heaviness, Lowness of Spirits, Despondency, Emaciation, Weakness, tendency to Insanity, Suicide, &c.

Dr. Houghton's Pepsin is sold by nearly all the dealers in fine drugs and Popular Medicines, throughout the United States. It is prepared in Powder and in Fluid form—and in Prescription vials for the use of Physicians.

Private Circulars for the use Physicians, may be obtained of Dr. Houghton or his Agents, describing the whole process of preparation and giving the authorities upon which the claims of this new remedy are based. As it is not a Secret Remedy no objection can be raised against its use by Physicians in respectable standing and regular practice. Price One Dollar per bottle.

☞ Observe this.—Every bottle of the genuine Pepsin bears the written signature of J. S. Houghton, M. D., sole proprietor, Philadelphia, Pa. Copyright and Trade Mark secured.

☞ Sold by all Druggists and Dealers in Medicine.

AYER'S

CHERRY PECTORAL

For the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

Many years of trial, instead of impairing the public confidence of this medicine, has won for it an appreciation and notoriety by far exceeding the most sanguine expectations of its friends. Nothing but its intrinsic virtues and the unmistakable benefit conferred on thousands of sufferers, could originate and maintain the reputation it enjoys.—While many inferior remedies thrust upon the community, have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

While it is a fraud on the public to pretend that any one medicine will infallibly cure—still there is abundant proof that the Cherry Pectoral does not only as a general thing, but almost invariably, cure the maladies for which it is employed.

As time makes these facts wider and better known, this medicine has gradually become the best reliance of the afflicted, from the log-cabin of the American peasant, to the palaces of European Kings. Throughout this entire country, in every State, city, and indeed almost every hamlet it contains, Cherry Pectoral is known as the best remedy extant for diseases of the Throat and Lungs, and in many foreign countries, it is coming to be extensively used by their most intelligent Physicians. In Great Britain, France and Germany, where the medical sciences have reached their highest perfection, Cherry Pectoral is introduced, and in constant use in the Armies, Hospitals, Alms Houses, Public Institutions and in domestic practice, as the surest remedy their attending Physicians can employ for the more dangerous affections of the lungs.—Also in milder cases, and for children it is safe, pleasant, and effectual to cure. In fact, some of the most flattering testimonials we receive have been from parents who have found it efficacious in cases particularly incidental to childhood.

The CHERRY PECTORAL is manufactured by a practical Chemist, and every ounce of it under his own eye, with invariable accuracy and care. It is sealed and protected by law from counterfeits, consequently can be relied on as genuine without adulteration.

We have endeavored here to furnish the community with a medicine of such intrinsic superiority and worth as should commend itself to their confidence—a remedy at once safe, speedy and effectual, which this has by repeated and countless trials proved itself to be; and trust by great care in preparing it with chemical accuracy, of uniform strength to afford Physicians a new agent on which they can rely for the best results, and the afflicted with a remedy that will do for them all that medicine can do.

STOVES,

(BOTH WOOD AND COAL.)

FOR COOKING, PARLOR & OFFICE USE; GRATES, FIRE FRONTS, CITY AND COUNTRY HOLLOW WARE, KETTLES of all kinds; SAD-IRONS, STRAW-CUTTERS, CORN-CRACKERS & SHELLERS, AGRICULTURAL IMPLEMENTS, AND PORTABLE

GRIST MILLS.

THE subscribers, thankful for past favors, beg leave to announce that they have recently added the FOUNDRY business to their former occupation of Mill Stone manufacturing, and are now prepared to supply the public with articles in either branch, on terms that will defy competition.

In offering our Stoves to the community, we do so with the full assurance that we can supply better articles than can be purchased at any other place, being entirely new patterns, manufactured with care and from the very best materials. The following list of patterns is offered with the confidence that they will give satisfaction in every particular, viz:

THE ECONOMIST

DOUBLE OVEN COOKING STOVE,

(Which received the First Premium at the State Fair, lately held at Janesville,)

Possesses great advantages over every other stove, for plain flues and direct application of heat, being so arranged that one or both ovens can be used at pleasure. It will cook in half the time of any other stove now in use, and with half the fuel, not consuming over four cords of wood in one year.

The TRIUMPH, single oven, takes in long wood, is an excellent stove—one that has been well tested, and given general satisfaction.

The PREMIUM is different in its construction from any other made, in the arrangement of the fire back—acknowledged to be a great improvement.

The JUNO PARLOR is adapted to either wood or coal, being decidedly the neatest arrangement ever offered to the public, having all the convenience of the stove combined with the beauties of the open grate. It is beautifully ornamental, highly finished, and perfect in every respect—the entire front above and below the grate being opened or closed with three doors, and so arranged that when open they are completely out of sight. It is equally adapted to offices as well as parlors.

The RADIATOR is the best coal stove ever got up as a retailer of heat.

Persons purchasing their stoves of us, in the event of any of the plates getting broke, can at all times be supplied with extra ones, thus superceding the necessity of throwing away stoves, which many are daily compelled to do in buying Eastern ware.

Those who are in want of an article in our line, will find it to their advantage to give us a call, before purchasing elsewhere, as we are confident that we can give satisfaction in all cases. City references given, where our stoves can be seen in operation. Stoves delivered and set up in any part of the city, free of charge. All orders promptly attended to.

H. H. RAYMOND'S

Spherical Disinfecting Fluid,

FOR purifying the air of sleeping and sick rooms, cabins and holds of ships, particularly for passenger ships, at sea or in port, prisons, jails, crowded rooms in general, from all offensive, close and infectious air of all kinds, including the infectious spheres of cholera, ship, typhus, yellow, bilious, scarlet and other fevers of our own or Southern and Western climates, in cities and towns, on land and water. Also, for disinfecting the bodies, clothes, and trunks of persons who are in or have been in the atmosphere of infectious diseases.

This fluid is healthy to breathe or take internally, and instead of filling the room with a choking, irrespirable air, as the chloride of lime and other chemical preparations in use do, it makes the whole air sweet and salubrious, and at the same time strengthens the respiration and enlivens the spirits of those present, by its balmy, fragrant and tonic influence.

The Following Certificate

selected from a number, can be seen at the store of the agents:

HAWKINS'

STAVE DRESSING MACHINE.

PATENTED JULY 22, 1851.

THIS machine is now in successful operation at the shop of Wm. Hawkins in this city, and will dress Staves for

Packing, Flour and Whiskey

BARRELS,

and PIPES or HOGSHEADS, at the rate of

600 Whiskey or 800 Flour Barrel Staves

PER HOUR,

straight, winding or crooked. In fact, any stave that can be worked by hand will be dressed by this machine, either for tight or slack work, from 22 inches to 72 inches in length of any reasonable width, and *to any requisite bilge*, and in the most perfect manner. The stave passes through the machine a single time, is dressed by rotary cutters and is then ready for the truss hoops. The dressing of the sides and jointing of the edge of the stave is performed perfectly. The machine is made of iron, is strong and durable, and is not difficult to keep in good order for use. Six horse power is sufficient to drive the machine with all the speed necessary.

The Subscribers having purchased of Wm. Hawkins the patent right for the United States are prepared to sell rights for States, Counties, or for running single machines and to furnish and set up the machines, warranted to perform perfectly. In the great saving of expense of transportation of fire wood over the rough stave, the rapidity and perfect manner with which it performs its work, consists the value of this machine.

Satisfactory testimonials can be furnished if desired.

NO. 1.

R. R. R.

RADWAY'S READY RELIEF,

Is the first and only remedy ever recorded in the Medical History of the World that has stopped the most violent pains in a few seconds.

IT WILL STOP

THE MOST SEVERE PAINS

IN A FEW MINUTES, AND CURE THE MOST OBSTINATE AND TORMENTING RHEUMATIC, NEURALGIC AND NERVOUS COMPLAINTS

IN A FEW HOURS,

INTERNAL AND EXTERNAL.

IT WILL STOP

THE MOST EXCRUCIATING PAINS,

IN FROM THREE TO FIVE MINUTES!

AND HAS CURED

Rheumatism	In Four Hours.
Neuralgia	In One Hour.
Croup	In Ten Minutes.
Diarrhœa	In Fifteen Minutes.
Toothache	In One Second.
Spasm	In Five Minutes.
Cramps	In Five Minutes.
Sick Head Ache	In Fifteen Minutes.
Chill Fever	In Fifteen Minutes.
Chillblains	In Five Minutes.
Sore Throat	In Four Hours.
Influenza	In One Hour.

SPINAL COMPLAINTS, STIFF JOINTS, STRAINS, BRUISES, CUTS, WOUNDS, FROST BITES, CHOLERA MORBUS, DYSENTERY, TIC DOLOREUX, and all other complaints where there is severe pains, RADWAY'S READY RELIEF will instantly stop pain, and quickly cure the disease.

THE HUMAN FRAME

Is the most perfect masterpiece of mechanism in the universe. Every artery, muscle, ligament and bone, exhibits in its formation the wisdom of the Deity. Every joint and sinew works harmoniously with each other, and upon the natural performance of every function depends the healthful action of the whole.

PAIN

Disorganizes the whole system, it prostrates the nerves, it relaxes the muscles, it weakens the joints, it interferes with the functions of every organ, it checks the free and healthy circulation of the blood, it paralizes the absorbents, and renders them unable to take up and replace the wasted form with sound material. From the very moment that this beautiful masterpiece of God becomes afflicted with pain, the influence is experienced throughout the whole system, no matter in what particular locality the pain may originate; whether in the Head, the Feet, the Back, the Knee Joints, the Elbows, the Teeth, the Gums, or the Stomach; whether it arises from internal derangement, or is the result of external injuries, still the pain exercises its influence throughout every portion of the human system.—Not a nerve or a muscle escapes its prostrating influence.

INSTANT RELIEF FROM PAIN

Is the great desideratum of every individual who suffers its tortures, no matter how light or severe its paroxysms may be. No one can feel happy while suffering its torments.

RADWAY'S READY RELIEF

In a few seconds

WILL STOP THE MOST DISTRESSING PAINS.

Its effects are like electricity; it arrests the most distressing pangs in a few seconds, its soothing, neutralizing and healthful influences thrill through every minute cell, membrane, and establishes the secretion of every gland in the system, subduing the most excruciating paroxysm of pain, and imparting strength and vitality to every organ.

NEURALGIA.

PAIN STOPPED INSTANTLY.

Radway's Ready Relief possesses an almost miraculous influence over the sharp darting pangs of pain of this cruel complaint. In a few minutes the pain-stricken sufferer experiences the delightful sensations of departing pain. It has cured thousands of cases in the city of New York, where many of them had been brought almost to death's door. The effects of the Ready Relief is to stop the pain immediately, to strengthen the nervous system, and supply the nerves with nervous energy and vitality, the loss of which is the chief cause of nervous pains.

DANGEROUS PRACTICE.

The use of Morphine, Strychnine, Aconitine, Belladonna, Arnica, and other poisons are not only dangerous but cruel. The effect of these poisons is not to cure the disease, or to remove from the system the pains, *but to deaden the nerves, to weaken and stop the nervous energy, to paralyze the functions of the nervous system, and to destroy sensation.* If this practice is continued for any length of time, the patient will not only waste away, but the brain will become paralyzed, and the intellect destroyed.

RADWAY'S READY RELIEF

IS FREE FROM MORPHINE,

And all other dangerous and narcotic influence. To the weak and paralyzed nervous system it imparts life instead of death, and the pain is stopped by the healthy influence which Radway's Ready Relief imparts to the nerves, instead of the lifeless, sleepy and paralyzing effect which Morphine and all other preparations containing this poison, produces on the system.

SICK HEADACHE.

Radway's Ready Relief will stop the most distressing pains in a few minutes, and prevent renewed attacks. It will cleanse and sweeten the stomach, and neutralize the poisonous acids of the system.

ALL BOWEL COMPLAINTS,

Diarrhœa, Dysentery,
Bloody Flux, Cholera Morbus,
Painful Discharges,

It relieves the most severe pains in a few minutes—checks the most distressing discharges, and

SPEEDILY REMOVES THE CAUSE.

RHEUMATISM.

PAINS RELIEVED IN FIVE MINUTES.

Radway's Ready Relief will stop the severe and excruciating pains of Rheumatism almost instantly. Persons are living in this city who, for months, were confined to their beds by Rheumatic pains, whose bones were twisted from top to toe, whose joints were distorted with painful swellings, that were relieved from all pain in 15 minutes by the use of Radway's Ready Relief. This is truth, and thousands in the city of New York, and hundreds of thousands in the United States, can answer for the truth of this assertion—we need no certificates of Cures—we publish no long list of names to prove the efficacy of Radway's Ready Relief for the Citizens of almost every town in the Union, for the last four years, have tested it for themselves.

CHILL FEVER.

CHILLS STOPPED IN A FEW MINUTES—PAIN RELIEVED INSTANTLY.

Radway's Ready Relief acts like a charm in all cases of Chills and Fever. It breaks the chills immediately—warms up and invigorates with health and strength every organ and secretion of the system.

PAINS OF ALL KINDS.

Whenever you feel pain, apply Radway's Ready Relief—it is sure to relieve you in a few minutes. If you have pains in the Stomach, Intestines, in the Liver, Kidneys, Bowels, Joints, Bones. Radway's Ready Relief, taken either internally or applied externally, will in a few minutes stop pain and quickly remove its cause.

BEAUTY.

Complexion richly tinted with the bloom of health,
With skin as pure and fair as Parian marble,—
Soft and sweet as the fragrant rose—
Teeth as sound and white as alabaster,
Breath of sweetest fragrance, and lips of coral tint,
With flowing ringlets and glossy locks,
Luxuriant tresses dancing gracefully o'er the swan like neck
No dark repulsive spots to mar the pleasing picture,
Or to cast dull shadows o'er beauty's master piece.

RADWAYS MEDICATED SOAP.

Composed of the most delicious, rare and fragrant gums,
Of extracts, oils, and costly essences—
Of flowers, roots, trees, and oriental plants,
Possessing wondrous virtues o'er skin diseases.

TO THE COMPLEXION IT IMPARTS BEAUTY.

By cleansing the skin from all eruptive matter,
Makes clean the pores, gives action to the capillaries,
by which all poisonous humors are ejected,—
And a healthy action to the skin restored,
To the teeth it gives whiteness and prevents decay,
It makes the skin soft, sweet and smooth,
Transforms the most repulsive and disfigured visage,—
To a clear and beautiful complexion.

RADWAY'S CIRCASSIAN BALM.

Imparts nutriment to the hair,—
Makes it strong, glossy, rich and luxuriant,
Cleanses the scalp from dandruff,—gives action to the bulbs,
Fastens the hair upon the scalp, and forces it to grow—
Like guano to a barren soil, it makes it rich and productive,—
To dress the hair, make it smooth and glossy,—
Strong and beautiful, &c.

Radway's Circassian Balm is the "ne plus ultra."

The Editor said, Dec. 3d: "Dr. Hoofland's celebrated German Bitters, for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor, a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and to the afflicted we advise their use."

SCOTT'S WEEKLY.

One of the best literary papers published, said, August 25—"Dr. HOOFLAND'S GERMAN BITTERS, manufactured by Dr Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitution will find these Bitters advantageous to health, as we know from experience the salutary effect they have upon weak systems."

The Daily Sun says—"It is one of the best medicines of the age for Jaundice and Liver Complaint."

Neal's Gazette says:—"Dr. Hoofland's German Bitters we know to be an excellent article, fulfilling in every respect what is claimed for it by the advertiser."

The Evening Bulletin says:—"The celebrated German Bitters are said to be an invaluable remedy for Jaundice, Dyspepsia, and Nervous Complaints."

The Daily News, July 21, says:—"A Medicine—We speak knowingly of Dr. Hoofland's celebrated German Bitters, when we say it is a blessing of this age, and in diseases of the biliary, digestive and nervous systems, it has not, we think, an equal. It is a vegetable preparation, and made without alcohol, and to all invalids we should recommend it as worthy of their confidence."

The Dispatch says:—"As a medicine for Liver Complaint, Jaundice, Nervous Debility, and Dyspepsia, it has been found invaluable, effecting cures, and thoroughly eradicating disease, when all other medicines have failed."

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver—it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to Females or Infants with safety and reliable benefit, at any time.
